

# The Sharing Org

Loving God by Loving Others

AUGUST 2005

Dear Prayer Partners,

I pray that you are all doing well. Our team members are all doing just fine. It is encouraging to see how God takes care of us as we minister to our friends at the care facilities. We all consider our work here a blessing to us as we know that it is also a blessing to others. Praise the Lord for his goodness and his grace to us all.

In early July we had the privilege of walking in a Strollerthon with Michigan SAFE KIDS at the Detroit Zoo to raise money for families who were in need of a car seat for their baby. We accepted donations and were able to raise \$190.00 to Michigan SAFE KIDS ([www.michigansafekids.org](http://www.michigansafekids.org)). Megan, Sela, and I walked the 1.5k around the Zoo along with what must have been 100 other stroller-pushing people. Our prayer is that our efforts will help provide proper safety seats to families who are in need. Our thanks go out to those of you who donated to this effort. Praise God that my health was such that I was able to walk the route instead of having to get an electric cart to ride at the zoo. It was a very good day!

You may or may not know that the Sharing Org is part of the legal organization of Liberty Christian Church in Lansing, MI. Our friend and mentor, Pastor Malcolm Magee, has graciously provided our team with everything necessary to function as a proper ministry, and we love and appreciate the whole church family at Liberty. On July 10th, Megan and I had the privilege of attending an ordination service at Liberty where two more elders were welcomed to the church's leadership. We were also privileged to meet Alan Scotland who is the chairman of the charitable trust LifeLink International with which Liberty is affiliated. LifeLink is a group of churches across the United Kingdom and the United States who have chosen to work together, supporting one another in the role God has given them in His kingdom. Malcolm has been hoping for several years that Megan and I could meet Alan. Alan and his wife Betty live in Great Britain and were in Lansing to be part of the ordination service. Megan and I realized how blessed we are to have the affiliation with LifeLink through our association with Liberty. Our visit with Malcolm, Alan, the elders, and their wives was a great spiritual encouragement to us.

June 30, 2005, ended the Sharing Org's fiscal year. Included with this letter is an end-of-year report. Please see the report to learn how we used the money that God had provided for us. Please pray that God will provide everything that we need for this next year, and that he will give us the wisdom for how to manage it as well.

We hope that you will enjoy the rest of your summer. We pray that the Lord will keep you and bless you as we look forward to our third year of ministry to the residents of the care facilities.

God Bless,

John Rock on behalf of The Sharing Org Team  
(John, Megan, Sela, Brad, & Melissa)
